No junction Box Needed
Cost Effective, Compact

DESCRIPTION

IC RATED

The Ultra-Thin Recessed Downlight is IC rated for direct to insulation, which means you don't require a can put in the ceiling, its super thin profile allows you to install in almost any location with pressure fit clips for quick installation, suitable for damp locations and soffit installations. Low profile (less than 3/4 inch height), perfect for limited space locations. **Type IC Rated** - Approved for Direct Contact with Insulation, No Need of Pot Cans. Comes with junction box & integrated driver. Damp rated version, suitable for bathroom installations. Easy to install, LED light fixture and Junction box are all detachable. Edge lit technology eliminates hot spots, smooth 360° wide spread 90+ CRI, the absolute best in the industry. Dimmable with most wall/box dimmers. Approved by ETL Standards for Canada and USA. Housing is made from extruded aluminum. Polycarbonate lens, stainless steel locking mechanisms.

CRI: >80Ra Power Factor:>0.95 Working temperature: -25° to +50°
Trim color : White Gloss Enamel (**WH**), Oil-Rubbed Bronze (**RB**), and Satin Nickel (**SN**)
